

usage guide

SKIN TYPES

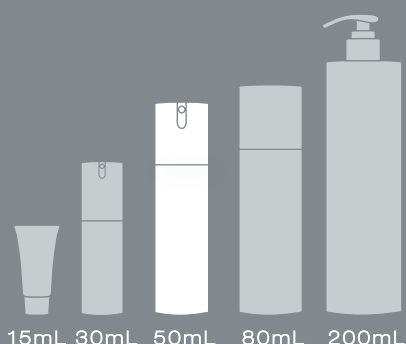

Normal, dry or sensitive skin.

SKIN CONCERNS

Dry + dehydrated
Fine lines + wrinkles
Redness + rosacea
Hyperpigmentation
Sun damage
Dullness
Textural irregularities

50mL airless packaging protects against oxidation, contamination and product wastage, and features a fill level indicator window.

ultimate hydration

An ultra-rich moisturiser with Niacinamide that delivers instant hydration to dry and prematurely aged skin.

DESCRIPTION

A super-rich cream that delivers instant hydration to repair and replenish dry and prematurely aged skin. Formulated with Niacinamide, Hyaluronic Acid, Hydrasalinol and nourishing oils to improve skin elasticity, tone and texture for smoother, more radiant skin. Water- and oil-binding ingredients visibly fight the signs of dehydration while plumping fine lines and wrinkles, leaving the skin exceptionally soft and comfortable.

BENEFITS

- Ultra-rich, emollient cream delivering deep, long-lasting hydration
- Instantly repairs and replenishes dry or dehydrated skin
- Improves skin elasticity, tone and texture
- Plumps fine lines and wrinkles
- Helps prevent and reduce hyperpigmentation
- Restores a radiant, healthy complexion
- Anti-inflammatory and soothing benefits

KEY INGREDIENTS

Niacinamide

- Visibly minimises the appearance of enlarged pores
- Boosts skin hydration, reduces Transepidermal Water Loss (TEWL) and improves barrier function
- Boosts collagen production and stimulates new fibroblasts
- Brightens the skin and evens out skin tone
- Helps prevent and reduce hyperpigmentation and sun spots
- Improves the appearance of fine lines and wrinkles
- Helps regulate sebum production and decrease acne severity
- Reduces redness and inflammation to alleviate the symptoms of rosacea and acne
- Helps protect against UV damage and may reduce the risk of some skin cancers

Hyaluronic Acid

- Intensely hydrates by binding and retaining moisture in the skin
- Supports the formation and maintenance of collagen, increasing skin firmness
- Softens and smooths the skin
- Prevents Transepidermal Water Loss (TEWL) by reinforcing the cell cohesion in the epidermis

Hydrasalinol

- A natural extract from the Salicornia Herbacea plant, which survives in harsh, salty environments by adjusting its water content to meet the changes in its environments
- Reinforces the skin's hydrolipidic barrier
- Reinforces the Natural Moisturising Factor (NMF), improving water retention in the epidermis
- Improves skin hydration and moisture

Sweet Almond Oil

- Nourishes and softens
- Soothes dry skin and helps restore irritated areas
- Assists in relieving irritated and inflamed skin conditions

Evening Primrose Oil

- Has a deep moisturising and softening effect
- Promotes healthy skin renewal
- Anti-inflammatory properties to assist with eczema, psoriasis and other skin conditions

Shea Butter

- Ideal moisturiser for compromised skin conditions like dermatitis or psoriasis
- Anti-inflammatory and soothing properties
- Softens and smooths the skin

Vitamin E

- Antioxidant to help protect the skin from free radical damage
- Improves overall skin health
- Adds moisture to dull, dry skin by preventing water loss
- Reduces the appearance of wrinkles

DIRECTIONS FOR USE

Apply **AM** and **PM** after serum application.
