clear complexion gel

A daily acne treatment gel to clear congestion and help prevent future breakouts.

DESCRIPTION

This acne treatment gel combines a powerful AHA/BHA Complex with Licorice, Tea Tree, Bilberry and Calendula Extracts to help treat and prevent acne, clear congestion and calm inflammation. Skin-brightening ingredients assist in evening out skin tone and reducing redness for a clearer, calmer complexion.

BENEFITS

- Deeply exfoliates to remove dead skin cells and clear impurities within the pores
- Helps treat and prevent the recurrence of acne
- Fights blemish-causing bacteria with antibacterial, antifungal and antiviral properties
- Soothes and calms with natural anti-irritant and anti-inflammatory properties
- Skin-brightening ingredients assist in evening out skin tone and reducing redness
- Potent antioxidants defend against free radical damage

KEY INGREDIENTS

AHA/BHA Complex

Salicylic Acid (BHA)

- Penetrates deep into the pores to dissolve blockages, helping to treat and prevent acne
- Helps regulate excess sebum production

Glycolic and Lactic Acid (AHAs)

- Gently exfoliates and removes dead skin cells to improve skin tone and texture
- Promotes cell renewal and stimulates collagen production
- Improves the appearance of sun damage and hyperpigmentation

Licorice

- Antibacterial activity against Propionibacterium acnes that helps prevent and treat acne lesions and blemishes
- Skin-brightening extract that improves skin tone in four weeks
- Anti-inflammatory properties to calm and soothe
- Antioxidant that helps neutralise free radicals
- Helps reduce excess sebum production

White Tea

- Powerful antioxidant that helps protect against free radical damage
- Supports the health and quantity of collagen, promoting firmness and elasticity
- Antibacterial and anti-inflammatory properties help reduce acne and redness

Bilberry Fruit Extract

- Bilberries contain powerful antioxidants that help strengthen capillaries and reduce redness
- Helps treat hyperpigmentation and inhibit melanin production
- Anti-inflammatory, antifungal and antibacterial properties

Tea Tree

- Powerful antibacterial, antifungal, antiviral and disinfecting properties that help eliminate acne-causing bacteria while reducing redness and inflammation
- Broad-spectrum antimicrobial and anti-inflammatory properties
- Decreases comedones

Calendula

- A natural anti-irritant
- Anti-inflammatory and calming properties

DIRECTIONS FOR USE

Teenage Acne: Apply to the entire face after **super B complex** in the **AM** and **PM** as tolerated. Hold the bottle upright—no need to squeeze—and the correct dose will dispense.

Hormonal Acne: Use as a spot treatment as required.

PRECAUTIONS

- Apply sparingly to avoid potential irritation or peeling
- Not suitable for people allergic to Aspirin or Salicylic Acid
- When using products containing AHA/BHAs, apply sunscreen and limit sun exposure
