clearskin bodygel

A powerful AHA/BHA body gel to help treat acne, keratosis pilaris and hyperpigmentation.

DESCRIPTION

A body treatment gel with a potent AHA/BHA Complex that removes dry, dead skin cells and unclogs pores, leaving skin feeling softer and smoother. It helps treat and prevent body acne, keratosis pilaris and ingrown hairs, while skin-brightening ingredients target uneven skin tone and hyperpigmentation.

BENEFITS

- Helps treat and prevent body acne
- Deeply exfoliates with low skin irritation
- Brightens the skin and treats hyperpigmentation on the body
- Softens dry, rough skin, ideal for areas with hard skin build-up, such as elbows, knees, and feet
- Improves skin texture and tone
- Prevents ingrown hairs
- Oil-free formulation

KEY INGREDIENTS

AHA/BHA Complex

Salicylic Acid (BHA)

- Penetrates deep into the pores to dissolve blockages, helping to treat and prevent acne
- Helps regulate excess sebum production

Glycolic and Lactic Acid (AHAs)

- Gently exfoliates and removes dead skin cells to improve skin tone and texture
- Promotes cell renewal and stimulates collagen production
- Improves the appearance of sun damage and hyperpigmentation

White Tea

- Powerful antioxidant that helps protect against free radical damage
- Supports the health and quantity of collagen, promoting firmness and elasticity
- Antibacterial and anti-inflammatory properties help reduce acne and redness

Bilberry Fruit Extract

- Bilberries contain powerful antioxidants that help strengthen capillaries and reduce redness
- Helps treat hyperpigmentation and inhibit melanin production
- Anti-inflammatory, antifungal and antibacterial properties

DIRECTIONS FOR USE

Apply a small amount to clean, dry skin in the [AM](#) and [PM](#) focussing on the areas to be treated.

To treat ingrown hairs, use on the area before waxing or shaving and continue use 24 hours after waxing or shaving.

PRECAUTIONS

- Apply sparingly to avoid potential irritation
- Not suitable for people allergic to Aspirin or Salicylic Acid
- When using products containing AHA/BHAs, apply sunscreen and limit sun exposure
