Sun damage
Redness + rosacea
Dry + dehydrated
Acne + breakouts
Textural irregularities
Dullness

30mL airless packaging protects against oxidation, contamination and product wastage, and features a fill level indicator window.

super A⁺ serum

High-strength Retinol serum to combat the signs of ageing and help treat acne.

DESCRIPTION

An advanced skin rejuvenation serum combining pure Retinol and anti-ageing Biomimetic Tripeptide to boost cell renewal and reduce the appearance of hyperpigmentation, fine lines and wrinkles. Crosslinked Hyaluronic Acid delivers intense hydration, while a revolutionary Anti-Irritant Complex soothes and protects.

BENEFITS

- Encourages increased collagen and elastin production, reducing the appearance of fine lines and wrinkles
- Brightens and diminishes the look of hyperpigmentation
- Retains moisture within the skin for a smoother, more supple appearance
- Refines skin texture and improves uneven skin tone
- Targeted and sustained delivery of Biomimetic Tripeptide and Vitamin A
- Contains antioxidants to fight free radical damage
- Helps treat acne by controlling excess oil production, promoting exfoliation and preventing clogged pores
- Formulated with anti-irritant ingredients, making it suitable for sensitive skin

KEY INGREDIENTS

1% Retinol

- 1% pure Retinol is renowned for its powerful anti-ageing properties, helping to stimulate collagen production and promote skin cell turnover
- Reduces the appearance of fine lines and wrinkles
- Improves skin health, elasticity and smoothness
- Helps prevent skin damage induced by UV radiation

Biomimetic Tripeptide

- Speeds up cell renewal for fresher, more vibrant skin
- Improves skin tone and texture
- Reduces the appearance of fine lines and wrinkles
- Provides intense hydration
- Smooths the skin structure resulting in a more uniform surface that reflects light with renewed radiance
- Improves skin barrier function

Crosslinked Hyaluronic Acid

- Five times the moisturising power and 50 times the moisture-retaining properties of traditional Hyaluronic Acid
- High water-binding capacity for long-lasting hydration
- Potent free radical scavenger

Anti-Irritant Complex

Cestrum Latifolium Leaf

- Significantly reduces redness
- Regulates skin's tolerance levels, making it less sensitive to irritation
- Improves the cutaneous comfort of sensitive skin

Allantoin

- Aids healing and soothes the skin
- Reinforces the skin's natural protective barrier and improves its moisture retention

Vitamin E

- Antioxidant to help protect the skin from free radical damage
- Improves overall skin health
- Adds moisture to dull, dry skin by preventing water loss
- Reduces the appearance of wrinkles

White Tea

- Powerful antioxidant that helps protect against free radical damage
- Supports the health and quantity of collagen, promoting firmness and elasticity
- Antibacterial and anti-inflammatory properties help reduce acne and redness

DIRECTIONS FOR USE

Apply sparingly in the [PM](#). Alternatively, mix with **super B complex** or **N20 peptide complex** prior to application.

Limit the initial use of Retinol to once or twice weekly and gradually increase the usage, as tolerated, to every evening or to alternate evenings. Use **super A⁺ serum** and **radiance serum** on alternate evenings.

Professional use: suitable to be infused with asap microplus+, sonophoresis and galvanic treatments

PRECAUTIONS

- Avoid use while pregnant
- Do not use while taking prescription acne medication
- Always use sunscreen during the day when using a Vitamin A treatment
